Chakras 101

THURSDAY, NOVEMBER 2

GATHERING ROOM

Chakras are centers of energy within the Human Energy System. They function as windows to the Soul. Each of the seven chakras act as an energetic gateway to an aspect of your physical, emotional and spiritual wellness. When any of your chakras are sluggish, weak or blocked, the energetic imbalance can first show up as a negative emotion affecting your perspective, eventually settling as a physical ailment. The more you become aware of your chakras, the more vibrant your life will become. This program is presented by Nathalie Frapreau.

This class will include:

- Insights on how each of the seven chakras correspond to a specific area of life.
- Practices to strengthen the flow of energy within the chakras.
- Energetic support from practitioners.
